

## **THE SAVIOR REIGNS**

### **VERSE**

Though we feel the weight of sin  
Though we sense the world is closing in  
Still our God reigns  
Though our flesh and Satan cry  
And we feel the thorn that burns inside  
Still our God reigns

### **PRECHORUS**

Oh you hear us when we call  
And through it all

### **CHORUS**

We will shout, WE WILL SHOUT  
We will shout  
That the Savior reigns on high  
He reigns on high  
We will shout, WE WILL SHOUT  
We will shout  
Let the nations hear our cry  
Hear our cry  
Yeah our Savior reigns!

### **VERSE**

Even when the world should fade  
Our hope is in the one who saves  
Oh our God reigns  
So celebrate the King who overcame  
Raise your hands and shout His name  
Oh our God reigns

### **PRECHORUS**

Oh you hear us when we call  
And through it all

### **Bridge**

The Savior died for you and me  
He took our place of shame  
To suffer on a tree  
But the war on Christ was waged in vain  
The King has overcome,  
We're shouting oh our Savior Reigns
